CURTI INDUSTRIES - VALUES

Thanks to the

WORLD CLASS MANUFACTURING,

CURTI has founded its processes on strong pillars,

from MANUFACTURING to

HUMAN RESOURCES MANAGEMENT

ENTREPRENEURIAL IDEAS

and

BUSINESS DIVERSIFICATION

have led CURTI to a
substantial & steady growth

PEOPLE

Are the most important company asset:
Commitment, Involvement and Passion are
daily pursued and encouraged

A close-up photograph of a blue fabric, likely a uniform, featuring an embroidered logo and the word "CURTI". The logo is a stylized blue circle with a white arrow pointing to the right. The word "CURTI" is embroidered in a blue, sans-serif font to the right of the logo.

 **CURTI**

Established in **1955**,
CURTI Costruzioni Meccaniche S.p.A.

is a family run company mainly operating in different industries:

220 employees, **6** Strategic Business Units

OUR SKILLS

- Long and strong experience in **co-design, co-development,** and manufacturing special and customized solutions
- Long experience in machining and welding titanium material and special light alloys
- In-house Quality Lab equipped with the state-of-the-art technology for measuring and testing

OUR DAILY COMMITMENT

- To support our Customers in designing and engineering activity
- To provide our Customers with the state-of-the-art technologies in manufacturing
- To supply completely tested machines/modules

OUR NEW CHALLENGE

Development and manufacturing of an ultralight helicopter within 2015

 **CURTI**
CO-ENGINEERING

PARTNERSHIP WITH TETRAPAK

A great expertise as solution providers allows CURTI to establish long term relationship with market leader customers

Our partnership with TETRAPAK is the most explicative and clear evidence of our Co-Engineering business unit

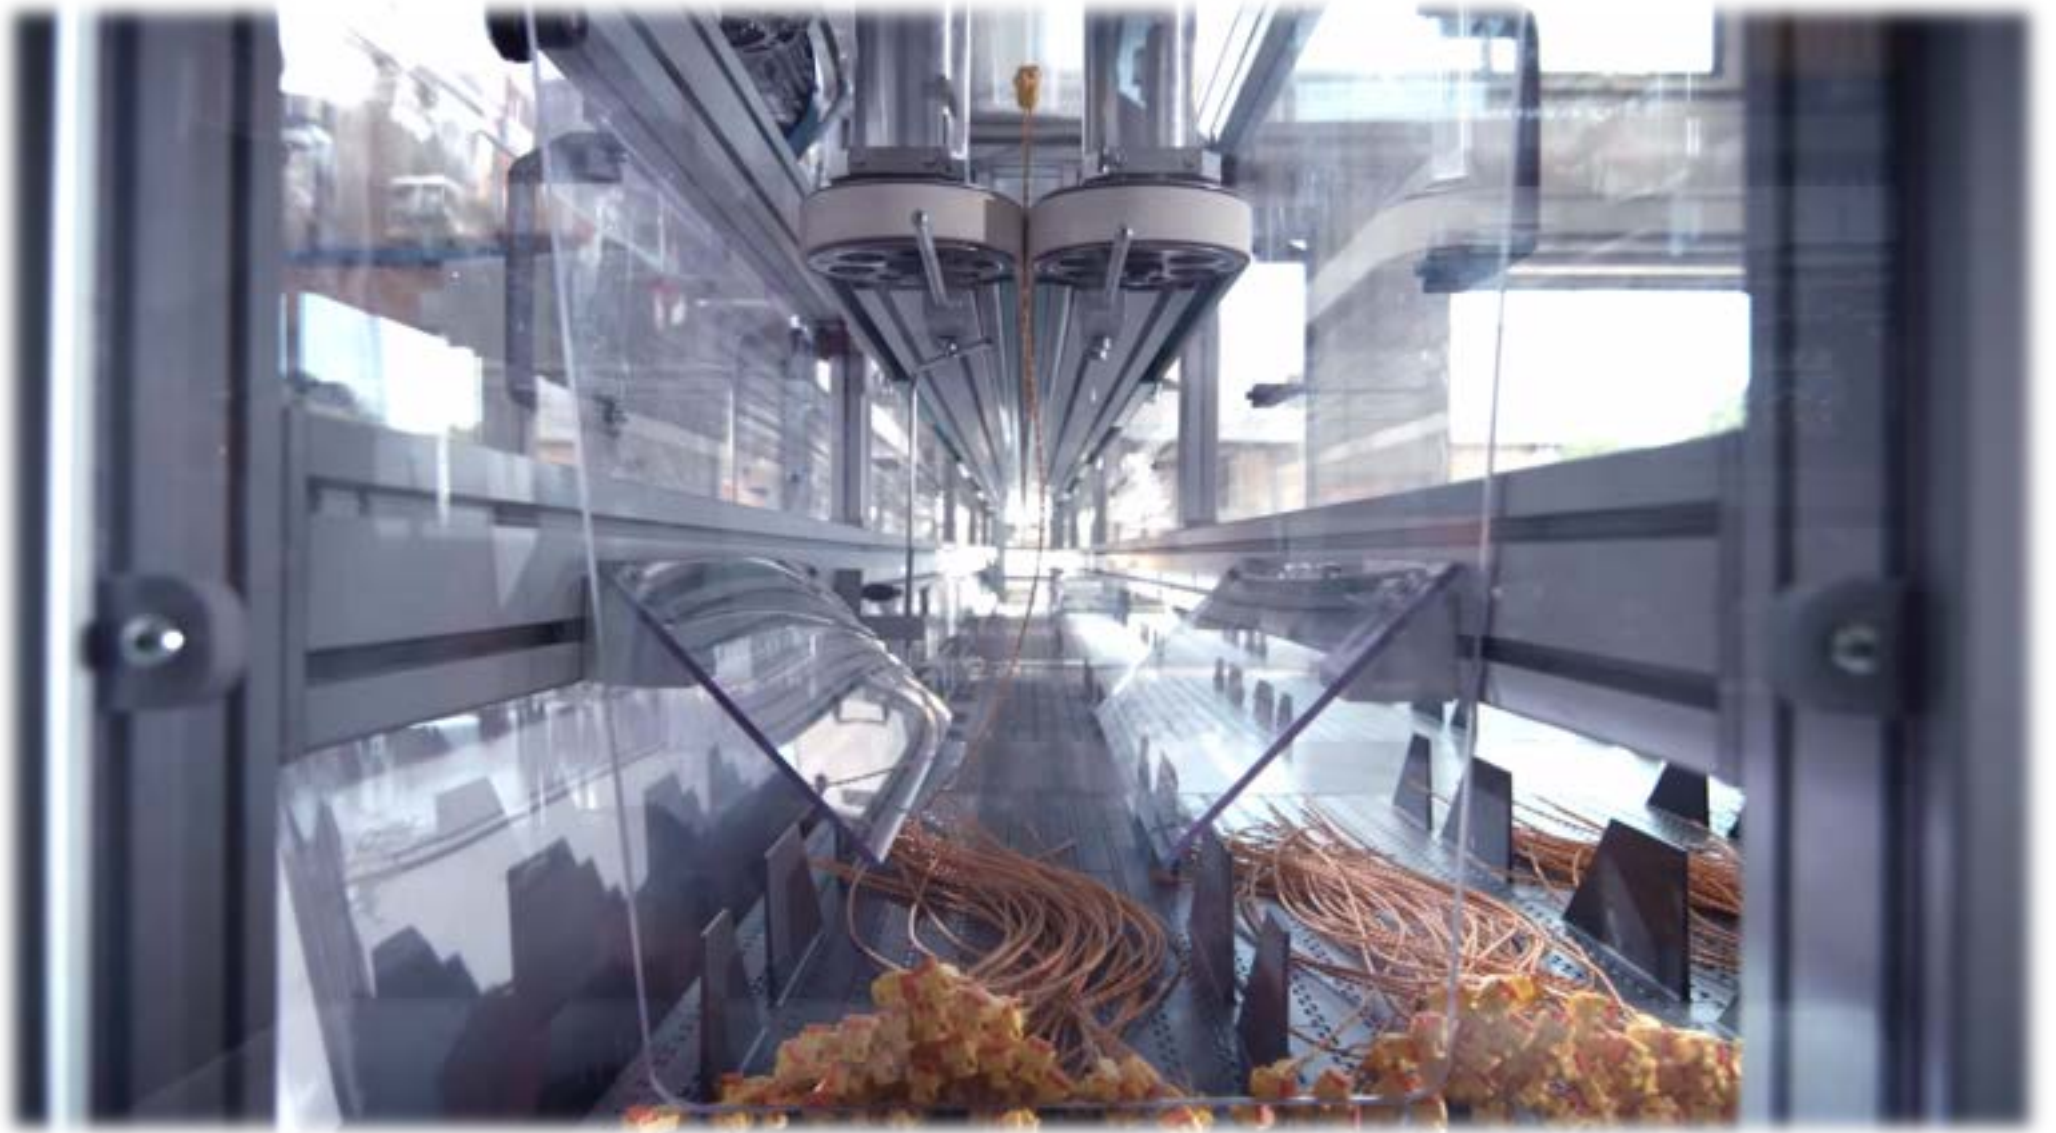

- Co-designing and complete manufacturing of capping machine mod. **CAP30** (including supply chain management)
- Dedicated assembling line with a production capability up to 10 machines per week
- Final in-house test and delivery to **TETRA PAK's customers**

- Manufacturing and assembling of machine body **A3 Platform**

 **CURTI**
WIRE PROCESSING

CABLES & HARNESS MANUFACTURING

Since 1994, CURTI WIRE PROCESSING supplies fully automated lines and semi-automatic machines for wire and cable processing

AUTOMOTIVE

Premium supplier of fully automated lines for DELPHI AUTOMOTIVE PLC
able to process in-line **Airbag - Squib Connectors**

Automation also for **antenna cables, sensors, horns,
battery cables and harness modules**

HOME APPLIANCE

Undisputed leader, worldwide, for transfer lines and equipment for **Power Cords and IDC harness modules**

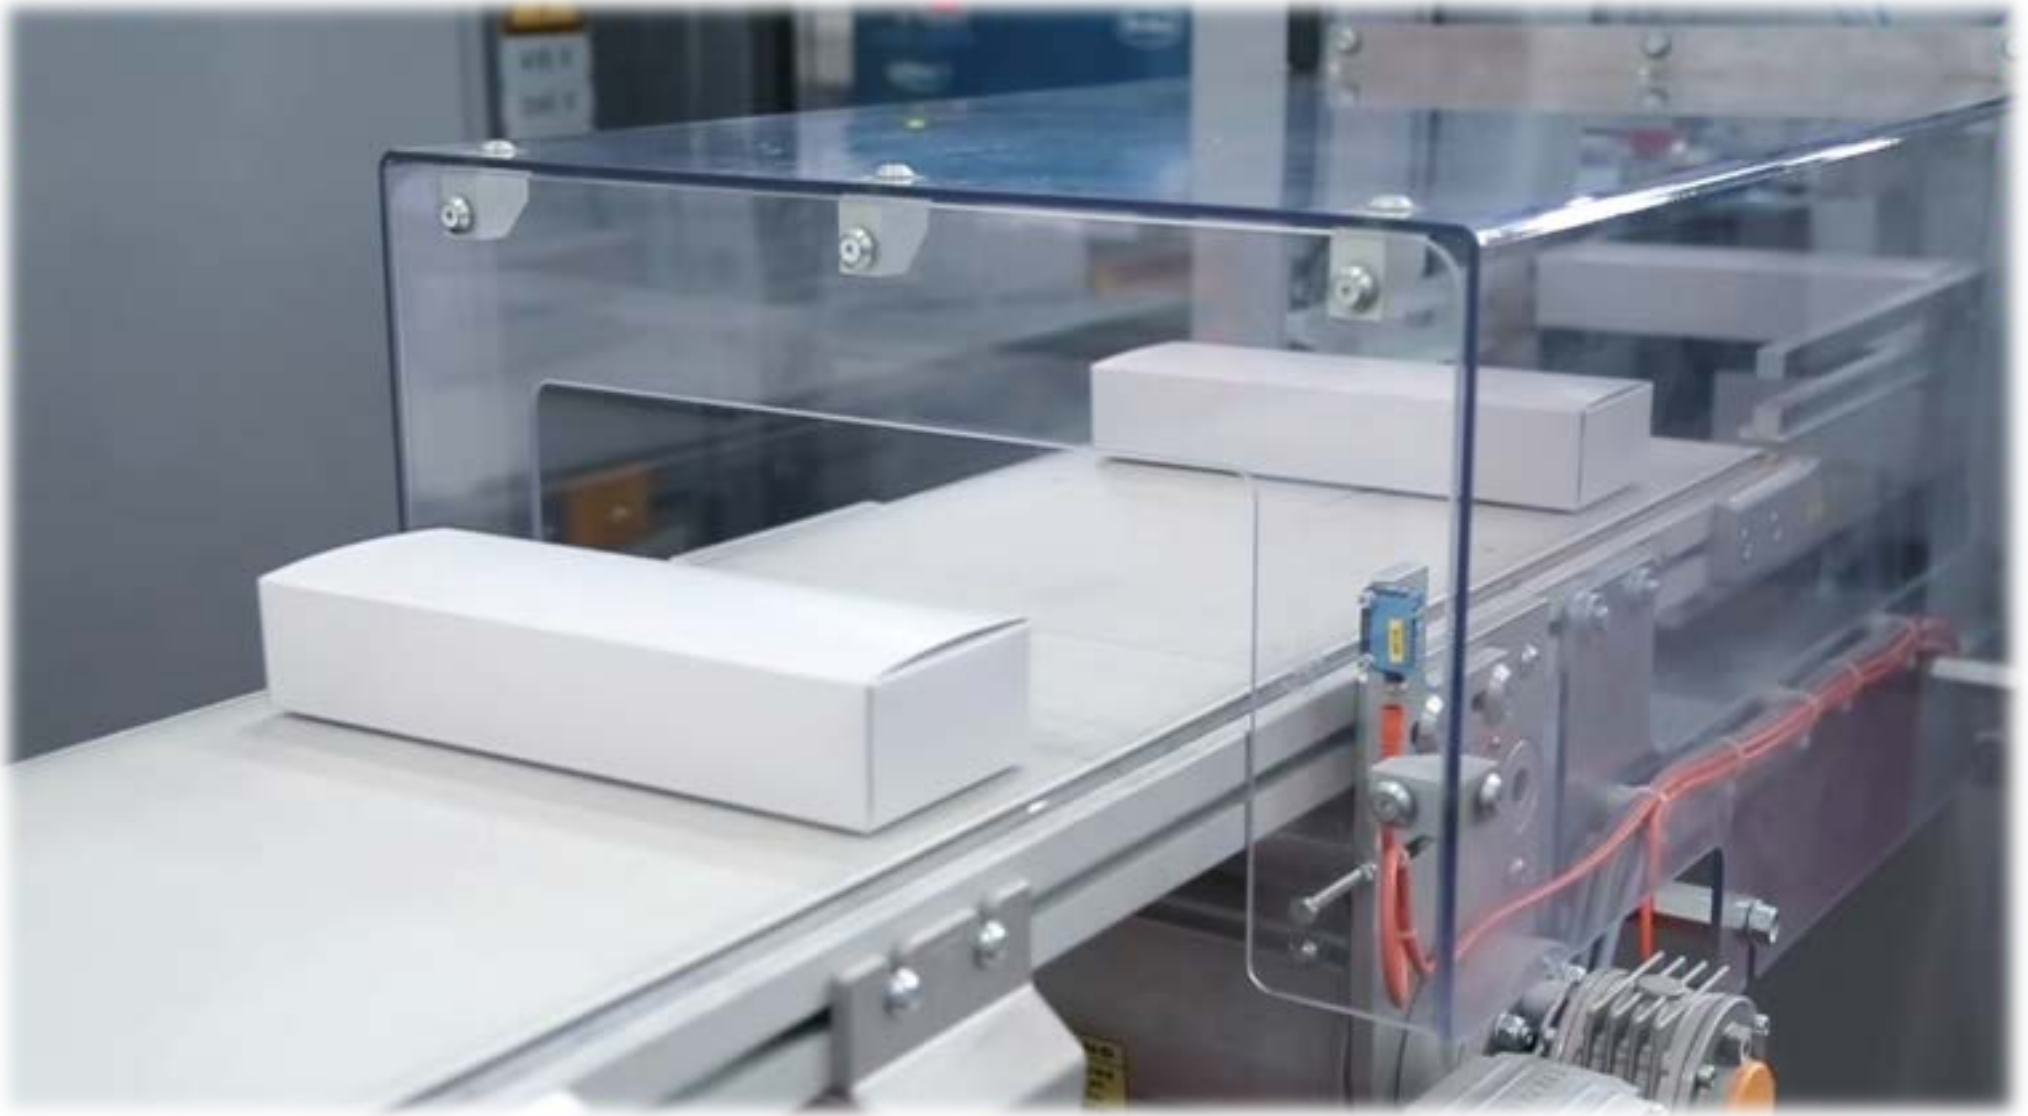

INDUSTRIAL

Makfil srl was acquired in 2010, increasing the product portfolio through a full range of semiautomatic and automatic machine for **cutting, stripping, crimping and tinning** **single-core, multicore, flat, twisted and coaxial cables**

 **CURTI**
PACKAGING

END OF LINE PACKAGING

Design and supply of innovative packaging solutions for **pharmaceutical** and **food industries**

VERTICAL CARTONERS

Food

Designed to process a wide variety of dried and powdery products

Pharma

Designed to comply with the strict pharma industry regulations.

- Entirely made of **paperboard**
- Totally recyclable

CASE PACKERS & PALLETIZERS

Specifically developed to handle a great variety of products, to meet the pharma and food market requirements

 **CURTI**
ENERGY

ENVIRONMENT PROTECTION

Since 2006, CURTI ENERGY provides innovative solutions for the energy saving and the energy production by green and alternative sources

ENERGY CONSERVATION

- **BIOGAS PRODUCTION PLANTS**
- **COGENERATION PLANTS**
(internal combustion engines and gas turbines)
- **FLUE GAS AND AIR TREATMENT**
(elimination of solid particles and pollutants)
- **REMOVAL OF SOLID PARTICLES AND OTHER POLLUTANTS**
(wet filters to be used in toxic waste treatment plants)
- **INDOOR AIR TREATMENT**
(to remove oil and emulsion vapours from machine tools)
- **CONSTRUCTION OF A COMPLETE PYROLYSIS PLANT FOR SCRAP TYRES**
